Made by people who actually use the metro

WE WANT TO GET THE BEST OF THE METRO

- Make it easier
 - Make it more convenient
- Special focus on daily commuters

WHY **CHANGE** THE METRO?

- Too old fashioned for the 21st century
- Time wasting services
 - Requires a lot of bureaucracy
 - We can do better

OUR SOLUTION: A MOBILE APP

- Information always available
- Tons of functionalities simplified
 - Minimalist design

What can Underway do?

LACK OF INFORMATION

- Lines can be interrupted
- Missing the subway
 - Long wait times
 - Annoying, causes lateness, requires guessing

79% of metro users say they would like a mobile app to consult timetables and waiting times

MORE INFORMATION

- Waiting times and timetables easily accessible for each station
- **Displays time** for arrival at destination

PHYSICAL TICKET

- Inconvenient to take it out
 - Easly misplaced

VIRTUAL TICKET

- Easy and fast in-app validation
- Phone always in quick reach

PAYMENTS AND RENOVATIONS

- Huge lines
- Requires physical presence at a certain point
 - Easly miss the deadlines

82% of metro users would like a mobile app to take care of their payments

PAYMENTS AND RENOVATIONS

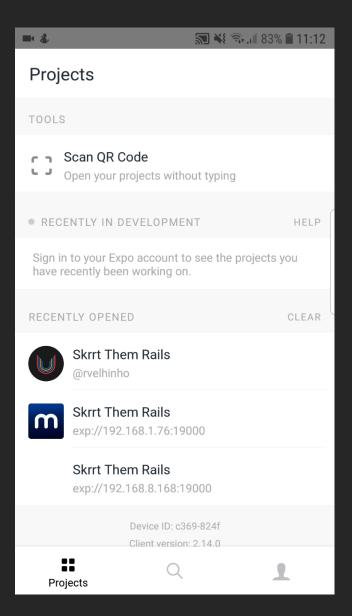

- Pay in-app
- Automatic pass renovation
- Online document validation

So, how is Underway?

Maria's friends invite her to a game in Roma
